

Sunright Corporate Press Release

SUNRIGHT'S SUBSIDIARY WINS AWARD IN USA

Singapore, March 24 1997 – A subsidiary of Sunright Limited, KESU Systems & Service, Inc. (“KESU”) located in Tempe, Arizona wins the first award ever to be given by PRISM, a division of the Semiconductor Product Group of Motorola.

Mr. Tim Olson, Operations Manager of Motorola explained, “this is the first time the PRISM group has issued any such award since its start-up. This is in recognition of KESU’s responsiveness in support of our PRISM assembly and test factory. Their sheer dedication has enabled us to become an industry leader and to provide “Total Customer Satisfaction”.

It was indeed a very satisfying moment too for Mr. Sam Lim, Executive Chairman & Chief Executive Officer of Sunright Limited. He expressed “this award is a clear endorsement that we have done something extra, something truly outstanding in our services that sets KESU apart. The next level of challenge for the United States operation is to become an equipment leader with the introduction of “GEN”, a series of parallel test and burn-in systems”.

KESU, with a total floor space of 12,000 sq. ft. employs 65 staff to support a 24-hour operation. Its main business activity involves burn-in of automotive parts.

About Sunright

Sunright Limited, a main board listed company on the Singapore Exchange Securities Trading, is the world’s largest independent provider of burn-in and test services, and a leading manufacturer of parallel test and burn-in systems. Sunright also distributes high technology equipment and materials and engages in selective OEM assembly of electronic components. It has a total workforce of 2,500 employees with annual revenue in excess of S\$ 100 million. Sunright’s customers include multi-national semiconductor manufacturers, namely AMD, Hyundai, Hewlett-Packard, Infineon, Motorola, NEC, National Semiconductor, Texas Instruments, Toshiba and others. More information on Sunright is available on Sunright’s website: www.sunright.com.
