SUNRIGHT LIMITED

## Press Release

### **KES SYSTEMS & SERVICE (1993) PTE LTD RECEIVED INTEL'S PREFERRED QUALITY SUPPLIER AWARD**

SINGAPORE, March 18, 2008 -- KES Systems & Service (1993) Pte Ltd (KES), a subsidiary of Sunright Limited (Sunright), was named a recipient of Intel Corporation's 2007 Preferred Quality Supplier (PQS) award for outstanding performance in providing products and services deemed essential to Intel's success. The company is awarded for its efforts supplying Intel with burn-in boards (BIB) and Test Interface Units (TIU) as well as BIB, TIU and Universal Board Driver (UBID) maintenance. KES Systems & Service (1993) Pte Ltd. and 34 additional PQS award winners will be honored at a celebration in Burlingame, California on March 18.

"Receiving Intel's Preferred Quality Supplier award for the fourth consecutive year is an honor. We are especially gratified that we have been recognized yet again for timely delivery of our high performance burn-in boards as well as providing service par excellence, deemed essential to Intel's success in the industry," said Mr. Sam Lim, Executive Chairman and Chief Executive Officer of KES Systems & Service (1993) Pte Ltd.

“Intel is proud to honor KES with the 2007 PQS award,” said Bimal Dey, Director of Intel Test Operation. “Their strong commitment to focus on quality improvement, cost and support of Intel new factory site startup has been helpful to both companies. It’s a pleasure to present the PQS award to a deserving supplier.”

The PQS awards are part of Intel’s Supplier Continuous Quality Improvement (SCQI) process that encourages suppliers to strive for excellence and continuous improvement. To qualify for PQS status, suppliers must score 80 percent on a report card that assesses performance and ability to meet cost, quality, availability, delivery, technology and responsiveness goals. Suppliers must also manage and deliver on a challenging improvement plan and a quality systems assessment. Additional information about the SCQI program is available at <http://supplier.intel.com/quality>.

Intel will also recognize PQS award winners with an advertisement in the U.S., Europe and Asia editions of The Wall Street Journal on March 18, 2008.

#### **About Sunright**

Sunright Limited, a main board listed company on the Singapore Exchange Securities Trading Limited, is the world’s largest independent provider of burn-in and test services, and a leading manufacturer of parallel test and burn-in systems. Sunright also distributes high technology semiconductor equipment and materials and engages in selective OEM assembly of electronic components. It has a total workforce of approximately 2,000 employees with annual revenue in excess of S\$ 100 million. Sunright’s customers include multi-national semiconductor manufacturers, namely AMD, Agilent, Freescale, Hynix, ST Micro, Infineon, NEC, National Semiconductor, Spansion, Texas Instruments, Toshiba and others. More information on Sunright is available on Sunright’s website: [www.sunright.com](http://www.sunright.com).
